APPLICATION PROCESS

APPLICATION AND ELIGIBILITY

Within 7 days of receipt, the CFB will notify the applicant in writing regarding the status of his or her application. If the application is incomplete, the letter will specify what additional information the applicant must provide. Once the application is deemed complete, the CFB will notify PSI that the applicant meets the requirements for candidacy and is eligible to sit for the examination.

ABANDONMENT OF APPLICATION

In accordance with Title 16, California Code of Regulations Section 1254, the CFB considers an application abandoned if a candidate fails to take the examination within 1 year after being notified of eligibility. Failure to appear at a scheduled examination without prior notice is also considered abandonment. In the event of abandonment, a candidate must submit a new application with the required fee and meet all requirements at the time of filing. Application fees are not reimbursed when an application is abandoned.

EXAMINATION SCHEDULING PROCEDURES

Once you have been approved by CFB, you are responsible for contacting PSI to schedule an appointment to take the examination. You may do so via the Internet at

A notice confirming your eligibility for re-examination will be sent approximately 90 days from the date of the last examination. SPECIAL ACCOMMODATIONS AVAILABLE

All examination sites are physically accessible to individuals with disabilities. Scheduling services are also available via our Telecommunications Device for the Deaf (TDD) by calling 800-735-2929.

The CFB and PSI recognize their responsibilities under the Federal Americans with Disabilities Act and the California Fair Employment and Housing Act by providing testing accommodations or auxiliary aids or services for candidates who substantiate the need due to a physical or mental disability or qualified medical condition.

Candidates whose primary language is not English may also qualify for accommodations.

Requests for accommodation must be received with your completed examination application. Accommodations that fundamentally alter the measurement of the skills or knowledge the examinations are intended to test will not be granted.

Accommodations will not be provided at the examination site unless prior approval by the CFB has been granted. Reasonable, appropriate, and effective accommodations may be requested by submitting a "Request for Accommodation" package. This package is available by contacting the CFB or online at www.cfb.ca.gov/formspubs/exam_accommodations.pdf. Do not call PSI to schedule your examination until you have received written notification from the CFB regarding your request for accommodations.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee. Even though candidates will be thumb printed, you are still required to comply with any identification requirements established by the appropriate regulatory entity.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide one of the following valid forms of government-issued identification before you may examine:

- A photographic Driver's License (any state)
- State identification card (any state)

- U.S. military identification
- Valid passport - any country (valid foreign passport with valid record of arrival/departure - Form I-94 or processed form I-551 stamped in a valid foreign passport)
- U.S. government-issued passport card

All photographs must be recognizable as the person to whom the identification card was issued. The name on the application must match the photographic I.D. card. If you have recently changed your name with the CFB, you may want to contact PSI to verify that they have the correct same name on file.

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. *Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination and you will forfeit your examination registration fee.*

CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one's answers to be copied by another examinee.
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation. (For the full text of Section 123, please see Appendix A).

IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.
3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

*Headwear worn for religious purposes is subject to inspection.

**Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.

***Jewelry that is allowed into the examination room is subject to inspection.

****Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such

medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.
7. Copying any portion of the examination content by any means or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.
8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your

examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

TUTORIAL

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION RESULTS

At the end of your examination, a pass or fail result will be shown on the screen and you will receive a printed score report. Numerical (raw) scores are provided to all candidates. Your examination results are confidential and are released only to you and your state-licensing agency. To protect your privacy and to maintain the confidentiality of examination results, score information is not given over the telephone.

PASSING SCORE

Examinations often vary in difficulty depending on the form of the examination administered. For this reason, the passing score is determined using a criterion-referenced method rather than a set score or percentage. Applying the criterion-referenced method, the difficulty of each item on the examination is evaluated relative to the minimum competence standard for safe practice. As a result, the passing score is lower for difficult examinations, and is higher for easier examinations, providing a safeguard to both the candidate and the public.

FAILING SCORE REPORTS

The score report will indicate the candidate’s overall score and grade, including the number of items answered correctly.

RE-APPLICATION PROCESS

Candidates who fail the examination must submit a new application to the CFB with the required fee.

CHANGE OF ADDRESS

Applicants and candidates must notify the CFB in writing of any change of address. Allow 30 days for the change of address to be processed.

EXAMINATION INTRODUCTION

PURPOSE OF THE EXAMINATION

Prior to receiving a cemetery manager license or assuming the responsibility of a qualified cemetery manager of a licensed cemetery in California, each applicant must successfully complete a written examination. The primary purpose of the examination is to help ensure public health and safety by assessing the candidate’s ability to apply California health and safety laws, as well as other relevant laws and regulations, to the major duty areas of cemetery manager practice.

DESCRIPTION OF PRACTICE

California Business and Professions Code Section 9605.1 describes the practice of a cemetery manager as follows:

A cemetery manager is a person engaged in or conducting or holding himself or herself out as engaged in those activities involved in, or incidental to, the maintaining, operating, or improving a cemetery licensed under this chapter, the interring of human remains, and the care, preservation, and embellishment of cemetery property.

Provisions of the California Health and Safety Code and Business and Professions Code pertain to all aspects of a cemetery, interment, disinterment, and removal of human remains.

EXAMINATION DEVELOPMENT

The examination for cemetery manager is developed and maintained by the Department of Consumer Affairs, Office of Examination Resources. Previously qualified cemetery managers provide technical expertise in the development of the examination.

PREPARATION FOR THE EXAMINATION

OVERVIEW

The cemetery manager examination is based upon a test plan developed by licensed cemetery managers. The plan identifies aspects of practice related to the tasks that a cemetery manager must be able to perform at licensure. The examination contains 100 multiple-choice items from major job duty areas, and it has a time limit of 2 hours.

DESCRIPTION OF MAJOR DUTY AREAS

The cemetery manager examination covers seven major duty areas that define the scope of knowledge necessary for safe and effective practice. Each of the major duty areas, weighted on the examination in terms of its importance in practice, is described below.

I. *Contracts (9%)*

This area assesses the candidate’s knowledge of terms, conditions, legal requirements, and charges itemized in cemetery contracts.

II. *Interment Rights (9%)*

This area assesses the candidate’s knowledge of legal requirements regarding cemetery interment rights, sales, and transfers.

III. *Care Funds (9%)*

This area assesses the candidate’s knowledge of the establishment, administration, and use of endowment and special care funds.
