PSI SCORE THEORY TEST REPORTING INFORMATION

Test takers must score at least 70% to pass the PSI National Esthetician *Theory* test.

- Test Scores will be emailed to the test taker upon completion of their test.
- Test scores results are confidential and will be given only to the test taker and the Board office.
- Test takers who are successful, will receive a “PASS” report.
- Test takers who score below the required passing score will receive an overall score, and an individual score for each of the test topic areas. Test takers use this information to assist them in studying for a re-examination.

To better prepare for the PSI National Esthetician Theory test, test takers can now review by taking an online practice test. Practice tests are intended to aid test takers with example test questions. The purpose is to familiarize a test taker with the general types of questions that will appear on an Esthetician test. Though questions are based on esthetics, these questions are NOT a substitute for education and study. Scoring well on the practice test also will not guarantee a positive outcome on the actual licensing test. This is the ONLY official PSI practice test; PSI does not recognize nor endorse any other study guides that may be offering information on the PSI National Cosmetology Program. The PSI practice tests are offered to review an unlimited number of times; however, a fee is assessed for *each time the test is utilized for review*.

Go to <https://www.psonlinestore.com> for more information and to register!

EXAMINATION REVIEW

PSI, in cooperation with the Department and Massachusetts Board, will be continually evaluating the tests being administered to ensure that the tests accurately measure competency in the required knowledge areas. Comments may be entered during the test by clicking the Comments link on the function bar of the test question screen. Test taker comments regarding the questions and the tests are welcomed. Comments will be analyzed by PSI test development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Department may re-evaluate test taker's result and adjust them accordingly.

OBTAINING A DUPLICATE SCORE REPORT

To request a duplicate score report, test takers may contact PSI customer services at (855) 340-0093.

WORKPLACE INFECTION CONTROL PRECAUTIONS

Test takers need to be familiar and follow all workplace infection control precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industries infection control standards.

- Cleaning hands before starting a service. Knowing when hands become contaminated and keeping them clean as to not infect a client or themselves.
- Keeping the workstation from becoming contaminated, such as: returning items to disinfected areas, leaving a drawer open or otherwise contaminating a workstation.

- Disinfecting workstation surfaces and keeping them from becoming contaminated. If a worksurface becomes unhealthy a test taker has the knowledge to know when they would require the station to be cleaned and disinfected.

- When items are set on a contaminated work surface, they may not be inserted into product containers or touch dispensing tips of bottles and jars.

- Keeping clients from becoming contaminated by the esthetician.
- Keeping containers being used free from contamination.
- Making sure our tools are clean and disinfected.
- If a body fluid becomes present during a service (i.e., blood, vomit, feces), how we deal with the situation without contaminating ourselves and others.
