## EXAMINATIONS BY PSI SERVICES LLC

This Candidate Information Bulletin provides you with information about the examination and application process for obtaining a real estate license in the State of Minnesota.

Minnesota state laws stipulate that a person may not act as a real estate salesperson, broker or abstractor without first obtaining a license issued by the Minnesota Department of Commerce. To be licensed, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to real estate.

The Minnesota Department of Commerce has contracted with PSI Services LLC (PSI) to conduct the examination testing. PSI provides examinations through a network of computer examination centers in Minnesota. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

## STATE LICENSING REQUIREMENTS

All questions and requests for information about licensure should be directed to the Minnesota Department of Commerce.

You must successfully complete Course II and Course III before applying for your license.
- Pass the license examination
- Become associated with a licensed real estate broker
- Pay the appropriate licensing fee

If you are not exempt and take the examination before you have completed Course I, your exam results will be invalid and you will have to retake the examination, even if you passed it.

- Successfully complete the thirty (30) hour broker course
- Pass the state and national broker's examinations
