PSI NATIONAL TESTING - GENERAL INFORMATION

The Maryland Department of Labor, Division of Occupational and Professional Licensing, State Board of Cosmetologists (Board) licenses and regulates individuals who practice the trade of cosmetology in the State of Maryland. The Board has contracted with PSI Services LLC (PSI) to conduct its cosmetology examination program. The Board examination is designed to test a Test taker's knowledge, skills and abilities to practice and determine whether a test taker is prepared to assume responsibility for the safety and welfare of the public. PSI provides examinations through a network of examination centers in Maryland.

This Test Taker Guide provides you with information about the examination process for Cosmetology Licensure in the State of Maryland.

For licensing information, please contact:

Board of Barbers and Cosmetologists
Maryland Department of Labor
100 S. Charles St., Tower I
Baltimore, MD 21201
(410).230-6190

<http://www.dllr.state.md.us/license/cos/>

Once you have passed both the theory and practical examinations, your results will be sent to the State. The DLLR and the Board will determine your eligibility for a license.

TEST ELIGIBILITY

To be eligible to take an examination, you must meet the following training requirements, and fill out the application processing portion online.

For passing scores to be valid in the state of Maryland, both portions of the test are REQUIRED and must both be passed successfully within a two year period.

Cosmetologist

Students-theory only. If you wish to take the Cosmetologist theory examination, you must:

- Complete 1,380 hours of instruction of an approved Cosmetology Program

Students-practical only. If you passed the theory examination at 1,380 hours and now wish to take the Cosmetologist practical examination, you must:

- Complete 1,500 hours of instruction of an approved Cosmetology Program;
 - Apply through the online application processing system and include a digital school seal.
- Eligibility Qualification letters sent from the State are only necessary if the test taker is an apprentice, does not qualify for the license due to an original training, or the test takers school is closed.

Students-theory and practical. If you wish to take the Cosmetologist theory and practical examination at the same time, you must:

- Complete 1,500 hours of instruction of an approved Cosmetology Program;
 - Apply through the online application processing system and include a digital school seal.
- Eligibility Qualification letters sent from the State are only necessary if the test taker is an apprentice, does not qualify for the license due to an original training, or the test takers school is closed.

Apprentices. A cosmetologist apprentice registration authorizes the apprentice to learn all aspects of cosmetology under the direct supervision of a senior cosmetologist. One senior cosmetologist shall directly train one cosmetologist apprentice.

Before becoming eligible to take the Cosmetologist examination, a cosmetologist apprentice shall:

- Train at least 20 hours per week;
 - Train for not less than 24, nor more than 36, months;and
 - Complete the apprenticeship curriculum approved by the Board.
 - Apply through the online application processing system and include a digital school seal.

Eligibility Qualification letters sent from the State are only necessary if the test taker is an apprentice, does not qualify for the license due to an original training, or the test takers school is closed.

Apprentices. A nail technician apprentice registration authorizes the nail technician apprentice to learn all aspects of manicuring and pedicuring. One senior cosmetologist or one licensed nail technician with 2 years experience shall directly train one apprentice.

Before becoming eligible to take the nail technician examination, a nail technician apprentice shall:

- Train at least 20 hours per week;
- Train for not less than 8 or more than 12 months; and
- Complete the apprenticeship curriculum approved by the Board.
- Apply through the online application processing system and include a digital school seal.

Eligibility Qualification letters sent from the State are only necessary if the test taker is an apprentice, does not qualify for the license due to an original training, or the test takers school is closed.

Out Of State Test Takers

If you completed your training outside of Maryland, or you are licensed and practice in another state, you must obtain a letter of eligibility from the State of Maryland to sit for these examinations. To obtain a letter of eligibility, you must submit a certification letter from your State Board to the State of Maryland for consideration. The certification letter must have the out-of-state Board seal, and it must demonstrate that you have completed equal training to the State of Maryland or that you have tested and have a current license in that state. Upon approval, a letter of eligibility will be mailed to you. Apply through the application processing option available online.

Important: If you take an examination without prior approval from the State of Maryland, your test scores will be invalidated and you will not receive a license. If you take an examination unnecessarily or before you have been approved, the examination fee will not be refunded.

GENERAL SECURITY RULES AND PROCEDURES

The following security procedures will apply during the test:

- Test takers may take only approved items into the examination room.
- All personal belongings of test takers should be placed in the secure storage provided at each site prior to entering the examination room. Personal belongings include, but are not limited to, the following items:
 - Electronic devices of any type, including cellular /mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.
 - Bulky or loose clothing or coats that could be used to conceal recording devices or notes. For security purposes outerwear such as, but not limited to: open sweaters, cardigans, shawls, scarves, vests, jackets and coats are not permitted in the testing room. In the event you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse should be worn underneath.
 - Hats or headgear not worn for religious reasons or as religious apparel, including hats, baseball caps, or visors.
 - Other personal items, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Although secure storage for personal items is provided at the examination site for your convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the examination site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If you leave any items at the examination site after your examination and do not claim them within 30 days, they will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying an examination test taker may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check in process, all test takers will be asked if they possess any prohibited items. Test takers may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask test takers to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in test takers' pockets.
- If prohibited items are found during check-in, test takers shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.
- Any test taker possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any test taker seen giving or receiving assistance on an examination, found with unauthorized materials, or who violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.
- Copying or communicating examination content is violation of a test taker's contract with PSI, and federal and state law. Either may result in the disqualification of examination results and may lead to legal action.
- Once test takers have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Test taker will not receive extra time to complete the examination.

PSI NATIONAL PRACTICAL TEST- IMPORTANT GUIDELINES

Prior to registration, test takers should familiarize themselves with the following instructions to be properly prepared to sit for a test. Practical test questions or concerns, test takers and instructors please call PSI Customer Service at (855) 898-0714 for solutions.

General rules for testing:

- During the practical test, test takers must follow all appropriate rules for client protection that will ensure the health, safety, and welfare of the public.
- A proctor will be monitoring time during the test. Personal timers are not allowed in the testing room. Test takers will not receive a score for any activities not completed within the allotted topic area time limits. When the proctor gives an instruction to “Please stop working”, test takers are to immediately stop what they are doing, stand quietly, and wait for the next instruction to be given.
- Test takers are required to prepare and bring a closable container (“supply kit”), with all products, supplies, and equipment necessary to perform the topic areas included in this test. The suggested container dimensions should not exceed 24” wide, 36” long and 30” high. This will allow the test taker to place the supply kit under the table when not in use. There are no *supply lists* or *suggested supplies* for the PSI National Tests. PSI recommends the test taker bring the equipment and supplies needed to perform a Topic Area as they would in their own professional environment.
- Test takers are *required* to bring to the test, two containers to dispose of used items. One marked “Single-use” and one marked “multi-use”. All items used in the test are categorically disposed of in one of these containers.
- Products that are *not* grouped as “dangerous chemicals” by OSHA and are required to be listed on an actual business SDS sheet, may be fictitious with a self-created or actual label attached. Some other substance may be used inside the container to simulate a product.
- Chemical products that are required be listed on SDS sheets in an actual business, are required to be used from the original container with an original manufacturers label attached or in a container with the manufacturers label attached.
- Absolutely NO aerosols are allowed into the testing area.
- Disinfectant containers must have the manufacturers label attached and legible. Disinfectants used must have **virucidal, bactericidal and fungicidal** properties listed on the manufacturers label.
- Monomer being used for the test must be factory sealed and manufacture labeled as a “low odor or odorless” product. Product not meeting the test requirement will not be allowed into the testing room.
- Test takers may not observe other test takers during the test. PSI views and responds to this behavior as form of cheating. The test taker will be warned up to and including dismissal from the test. Please focus on individual tasks and do not depend on viewing the performance of other test takers to be successful.
- Test takers’ name and/or school names are to be covered on their person and supplies while in the test.
- The number one safety rule in our industry is: “Following Instructions”. There is no necessary or required style or technique a school needs to teach, or a test taker needs to perform. All topic areas are observed in the manner a cosmetologist would normally complete a task. Tasks should be taken seriously and performed as instructed in the test and to the highest skill level they are capable. Scores are based on the test taker displaying a solid knowledge of workplace Infection Control and Safety Precautions.

WORKPLACE INFECTION CONTROL PRECAUTIONS

Test takers need to be familiar and follow all workplace infection control precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industries infection control standards.

- Cleaning hands before starting a service. Knowing when hands become contaminated and keeping them clean as to not infect a client or themselves.
- Keeping the supply kit from becoming contaminated, such as: returning items to the kit, leaving a kit open or otherwise contaminating a kit. The supply kit represents a clean and disinfected storage in a cosmetologist's workstation and should be treated as such.
- Knowledge of single-use and multi-use items and where to dispose of them properly.
- Disinfecting workstation surfaces and keeping them from becoming contaminated. If a worksurface becomes unhealthy a test taker has the knowledge to know when they would require the station to be cleaned and disinfected.
- Knowing how to use and dispense products without contamination. For example, double dipping, or any other cross contamination with the skin or worksurfaces.
- When items are set on a contaminated work surface, they may not be inserted into product containers or touch dispensing tips of bottles and jars.
- Keeping clients from becoming contaminated by the cosmetologist.
- Keeping containers being used free from contamination.
- Making sure our tools are clean and disinfected.
- If a body fluid becomes present during a service (i.e., blood, vomit, feces), how we deal with the situation without contaminating ourselves and others.

WORKPLACE SAFETY PRECAUTIONS

Test takers also need to be familiar and follow all workplace safety precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industry safety standards.

- A Cosmetologist must know and have a working understanding of workplace safety regulations issued by federal and state regulatory entities.
- Cross-contamination of chemicals and products on the workstation.
- Chemical mixing procedures, storage of chemicals and SDS sheets.
- Keeping the workstation safe from injury, cleaning up spills and picking up dropped items. Reducing a slip and fall or tripping incidents.
- Making certain tools and equipment are in safe working order, no frayed or exposed wires, rusty metals, etc.
- Tools and equipment are used in a safe manner.

KITS/SUPPLIES AND EQUIPMENT

Test takers are required to prepare and bring an unmarked closable container ("supply kit"), with all products, supplies, and equipment necessary to perform the topic areas included in this test. The suggested container dimensions should not exceed 24" wide, 36" long and 30" high. This will allow the test taker to place the supply kit under the table when not in use.

Monomer being used for the test must be a "low odor or odorless" product. Product that does not meet the test requirement will not be allowed into the testing room.

There are no *supply lists* or *suggested supplies* for the PSI Practical National Tests. PSI recommends the test taker bring the equipment and supplies needed to perform a Topic Area as they would in their own professional environment. There are no right or wrong supplies or is there a right or wrong technique to demonstrate a Topic Area. Professionals learn and do tasks as they learn in school, apprenticeship programs, or manufacturer training. Please demonstrate Topic Areas with the equipment and supplies and as you do now and will continue once you are licensed, demonstrating their *utmost attention* to public health and safety. (See the and follow the Infection Control Precautions and Safety Precautions listed in this guide for examples.)

IMPORTANT NOTICE

A PSI Evaluator may not score a test taker who is a, current employee, employer, or co-worker, or is related to the evaluator by family, personal or financial interest or other relationship. If a test taker knows the evaluator that is assigned to them falls into one or more of these categories, they must notify the site proctor/supervisor immediately. In the case an evaluator has observed and scored a test taker in violation of this policy, the test results may be voided.

Evaluators are responsible for observing and scoring a test takers performance and are not allowed to converse with test takers except to provide a general salutation. Test takers who ask questions will be told one of two statements “Do the best with what you have” or “Demonstrate as you learned”. Evaluators do not instruct nor discuss test results in anyway. Direct all score questions and/or concerns to PSI Customer Service at (855) 898-0714.

Please clear your work area of all items you brought into the room, make certain your floor is clear of hair and debris, and wipe your workstation with disinfectant. When you are finished, raise your hand, and wait for the proctor to sign off your work area. You will receive your score report via email. Please direct any questions about your results to the email address or phone number listed on your score report. We cannot answer any questions about the test or your test results. Esthetician test takers begin your test clean-up.

PSI would like to thank you for coming today and best wishes in your exciting new career. Have a great day, you are excused.

ESTHETICIAN PRACTICAL SCORE REPORTING

A result report will be mailed to you by PSI within 7 business days following the test. In addition, test results are available to test takers on-line one (1) business day after the test date.

Go to <https://test-takers.psiexams.com> and log into the test takers account.

THEORY TESTING EQUIPMENT

The PSI National theory tests will be administered using a computer, a mouse and computer keyboard.

IDENTIFICATION SCREEN

Test takers will be accompanied to a testing station. Once test takers are seated at their testing station, they will be prompted to confirm their name, identification number, and the test for which they registered.

TUTORIAL

Before a test taker begins a test, an introductory tutorial is provided on the computer screen. The time used to watch the tutorial is not deducted from any test timing. The tutorial takes up to 15 minutes, sample questions are introduced during tutorial so a test taker may familiarize themselves on how questions are written and how to review the answers given.

TEST QUESTION SCREEN

The “function bar” at the top of the test question, provides mouse-click access to any features available while taking the test. During the test, one question will appear on the screen at a time. There is also a timer feature that at the top of the screen that displays the time a test taker has remaining to complete the test.

Note:

Even though a test taker has entered a response to a question, the system will allow the response to be changed anytime the test is active. Once a test taker signs out of a test or timing expires; this feature will no longer be available.

The screenshot shows a web-based test interface. At the top, there is a navigation bar with links: Mark, Comments, Goto, Help, and End. Below this is a status bar showing: Question: 3 of 40, Answered: 2, Unanswered: 1, Marked: 0, View: All, and Time Left(Min): 359. The main content area displays a question: "3. What do the stars on the United States of America's flag represent?". Below the question, it says "(Choose from the following options)" and lists four options: 1. Presidents, 2. Colonies, 3. States, and 4. Wars. At the bottom of the question area, there are two buttons: "<< Back" and "Next >>".

EXPERIMENTAL QUESTIONS

In addition to the number of test questions specified in the "Test Content Outline". There are a small number of "experimental questions" may be administered to test takers during the tests. There are typically at least five (5) experimental questions on a test. The results of these questions not included in the final test takers score. Administration of such unscored experimental questions is an essential step in developing future PSI tests.

ESTHETICIAN THEORY TEST

The test content outline is prepared and is periodically updated by committees of professionals who are subject matter experts in Esthetics, Esthetician instruction, or regulatory issues. The test content outline identifies areas of importance to licensees for them to perform their duties on the public in a competent and in a safe and responsible manner.

The content outline lists topics that are on the test and the number of questions for each topic. We advise test takers not schedule a test until they are familiar with the topics on the outline. Test takers may use this outline as a guide as well as the test references as a guide for a pre-test review.

ESTHETICIAN THEORY CONTENT OUTLINE

The following content outline lists the topics that are on the test and the number of questions for each topic. We recommend not scheduling a test until a test taker is familiar with all topics in the outline. The Esthetician test consists of 75 scored questions and 10 unscored experimental questions. Test takers will have 90 minutes (1.5 hours) to complete the test.

PSI SCORE REPORTING INFORMATION

Test takers must score at least 75% to pass the PSI National Esthetician *Theory* test.

- Test Scores will be emailed to the test taker upon completion of their test.
- Test scores results are confidential and will be given only to the test taker and the Board office.
- Numeric test results are not available. Test takers who are successful, will receive a "PASS" report.
- Test takers who score below the required passing score will receive an overall score, and an individual score for each of the test topic areas. Test takers use this information to assist them in studying for a re-examination.

To better prepare for the PSI National Esthetician Theory test, test takers can now review by taking an online practice test. Practice tests are intended to aid test takers with example test questions. The purpose is to familiarize a test taker with the general types of questions that will appear on a Esthetician test. Though questions are based on an Esthetician, these questions are NOT a substitute for education and study. Scoring well on the practice test also will not guarantee a positive outcome on the actual licensing test. This is the ONLY official PSI practice test; PSI does not recognize nor endorse any other study guides that may be offering information on the PSI National Cosmetology Program. The PSI practice tests are offered to review an unlimited number of times; however, a fee is assessed for *each time the test is utilized for review*.

EXAMINATION REVIEW

PSI, in cooperation with the Board, will be continually evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be entered by clicking the Comments link on the function bar of the test question screen. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Board may re-evaluate test takers' results and adjust them accordingly. This is the only review of the Theory examination available to test takers. There is NO review process for the Practical examination.
