EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for General Contractors Licensure in the State of North Carolina.

Eligibility for examination is determined by the North Carolina Licensing Board for General Contractors.

The Board has contracted with PSI Services LLC (PSI) to conduct its examination program. PSI provides examinations through a network of computer examination centers in North Carolina and in many areas throughout the United States. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

GUIDELINES FOR LICENSING APPLICATION/QUALIFICATION

HOW TO OBTAIN A LICENSE

1. Complete and submit the License Application or Examination Request Form to:

North Carolina Licensing Board for General Contractors
5400 Creedmoor Road
Raleigh, NC 27612
(919) 571-4183

2. Upon approval from the Board, you will be sent an Examination Eligibility Letter, along with instructions for registering and scheduling the examination. Included with your letter will be an identification number assigned by the State to you for this testing program. You must use this identification number when scheduling for your examination.
3. The eligibility letter is valid for 120 days from the date on the letter and allows the candidate to take one examination within that time frame. If you are absent for the examination, it will count as an attempt and you will need to contact the Board for instructions.

All questions and requests for information about examinations should be directed to PSI.

PSI Services LLC
(855) 746-8173

Email: examschedule@psionline.com

EXAMINATION REGISTRATION AND SCHEDULING PROCEDURES

Once you have been approved by the Board you will be sent an Eligibility letter. Upon receipt of your valid Eligibility Letter, you will be responsible for contacting PSI to schedule an appointment to take the examination and make exam payment arrangements. PSI will make every effort to schedule the examination site and time that is most convenient for you.

Failing candidates will receive the appropriate forms to reschedule examinations. These forms will be mailed with the official scores from the North Carolina Licensing Board for General Contractors. A candidate will receive a revised examination authorization issued by the North Carolina Licensing Board for General Contractors by email along with the examination scores within 3 working days of the Board receiving the examination score from PSI. Candidates may retake an examination as many times as they choose in a 12-month period so long as all information included in the license application remains valid. Failing candidates are strongly encouraged to evaluate their diagnostic report and study, particularly the areas of weakness, before retaking the examination.

The following fee table lists the applicable fee for each examination. The fee is for each examination, whether you are taking the examination for the first time or repeating.

EXAMINATION FEE	\$ 79
-----------------	-------

NOTE: REGISTRATION FEES ARE NOT REFUNDABLE OR TRANSFERABLE. FEES ARE ONLY GOOD FOR THE DURATION OF THE ELIGIBILITY.

ON-LINE ([HTTPS://TEST-TAKERS.PSIEXAMS.COM/NCCON](https://test-takers.psiexams.com/ncccon))

For the fastest and most convenient examination scheduling process, PSI recommends that you register for your examinations using the Internet. You register online by accessing PSI's registration website at <https://test-takers.psiexams.com/ncccon>. Internet registration is available 24 hours a day.

Log onto PSI's website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

TELEPHONE REGISTRATION

For telephone registration, you will need a valid credit card (Visa, MasterCard, American Express or Discover).

PSI registrars are available at (855) 746-8173, Monday through Friday between 7:30 am and 10:00 pm, and Saturday-Sunday, between 9:00 am and 5:30 pm, Eastern Time, to receive your payment and schedule your exam.

CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your *cancellation notice is received 2 days before the scheduled examination date*. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. You may use the PSI website or call PSI at (855) 746-8173.

Note: A voicemail or email message is not an acceptable form of cancellation. Please use the PSI Website or call PSI to speak directly to a Customer Service Representative.

MISSED APPOINTMENT OR LATE CANCELLATION

Your registration will be invalid, you will not be able to take the examination as scheduled, and you will forfeit your examination fee, if you:

- Do not cancel your appointment 2 days before the schedule examination date;
- Do not appear for your examination appointment;
- Arrive after examination start time;
- Do not present proper identification when you arrive for the examination.

EXAM ACCOMMODATIONS

All PSI examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate's needs. A candidate with a disability or a candidate who would otherwise have difficulty taking the examination should request for alternative arrangements by [Clicking Here](#).

Candidates granted accommodation in accordance with the ADA, **MUST** schedule their examination by telephone and speak directly with a PSI registrar.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (855) 746-8173. Every effort will be made to reschedule your examination at a convenient time as soon as possible.

EXAMINATION SITE LOCATION

The North Carolina General Contractor licensing examinations are administered at the PSI examination centers in North Carolina as listed below:

ASHEVILLE
1306 C Patton Avenue
Asheville, NC 28806

From I-40 take exit 44, Smokey Park Highway (US 19/ 23), turn left. Proceed North/East approx 3 miles (the test center is in a multi-building complex between Haywood Rd and Druid). Turn right onto Haywood Rd at intersection of Patton (19/23) and

Haywood Rd (Swannanoa Cleaners on right.) Proceed approximately 0.2 miles and turn left onto Parkwood. Follow building numbers to 1306, approx. 5th building complex on right, past the BB&T bank.

From I-240 exit 3A to 19/23 (Patton Ave) and proceed South approx 2 miles (the test center is in a multi-building complex between Druid and Haywood Rd). Take a left onto Druid (Burger King is on the left), then first right. Proceed (past post office) through stop sign and take first left into parking lot of building #1306.

CHARLOTTE
Tyvola Executive Park One
5701 Westpark Dr, #102
Charlotte, NC 28217

From I-77S towards Columbia, exit Tyvola Road (Exit #5). Turn left at Tyvola Road. Make a right at Westpark Dr.

From I-77N, exit Tyvola Road (Exit #5). Bear right at Tyvola Road. Turn right at Westpark Dr.

GREENVILLE
Charles Center
2404 South Charles Blvd Suite B
Greenville, NC 27858

From the South, proceed North on State Highway 11, and merge to the right onto Greenville Blvd SE (US 264/State 43). Turn right on Charles Blvd.

From the East, proceed West on US 264 and turn left onto Greenville Blvd SE. Turn left on Charles Blvd.

From the West, proceed East on US 264. Turn right on Memorial Drive. Turn left on Greenville Blvd. Turn right on Charles Blvd.

RALEIGH
5711 Six Forks Road Suite 208
Raleigh, NC 27609

From I-440, exit 8, Six Forks Road and proceed North. Turn left on Loft Lane, then right into the first driveway.

FAYETTEVILLE
3724 Sycamore Dairy Road, Suite 128
Arbor Alley Building
Fayetteville, NC 28303

From the North, take I-95 South. Merge onto US 301/I-95 Business Route South towards Fayetteville/Fort Bragg/Pope AFB. Turn right onto NC-210/NC-24 Grove St. which becomes Rowan St. From Rowan St., turn right onto Bragg Blvd. Turn left onto Sycamore Dairy Road.

From the South, take I-95 North to Exit 46 and enter NC 87, Martin Luther King (MLK). Take the MLK to the Bragg Blvd exit. Turn left on Bragg Blvd. Stay in the left lane for a few miles. When you get to the traffic light at McDonald's, bear left onto Sycamore Dairy Rd. Very shortly there is another traffic light. Just past it, on the right, turn into the Arbor Alley strip mall.

From the Northwest, take NC-87 South to NC-24 E/Bragg Blvd. Continue on NC-24 E/Bragg Blvd beyond the intersection with Hwy 401 Bypass. Turn right onto Bargain Street and proceed to Sycamore Dairy Road.

From the Southwest, take US 401 North and turn left onto 401 Bypass (Skibo Road). Continue on 401 Bypass/Skibo Road. Turn right onto Legend Ave; turn left onto Sycamore Dairy Road.

PSI is located at the far back end of the Arbor Alley strip mall. The strip mall is located in between the State ABC store and Priscillas.

WILMINGTON

Judges Road Business Park
311 Judge's Road, Suite 8D
Wilmington, NC 28405

When Interstate 40 ends, it merges with State Highway 132 (College Road). Exit Market Street (Highway 17) and proceed northeast toward Jacksonville, approximately 1 mile. Turn left at Judge's Road. As you approach Judge's Road Business Park, you will see a dozen brick buildings housing industrial units. Turn left into the Business Park and proceed to the third aisle. Turn right down the aisle for Building 8. Suite 8D is on the left. Overflow parking is available on the street.

WINSTON-SALEM

1540 Westbrook Plaza Drive, Suite 103
Winston-Salem, NC 27103

From Interstate 40, exit 189, Stratford Road proceed north (left) approximately 100 yards. Turn left on Westbrook Plaza Drive. Turn left at four-way stop, continuing on to Westbrook Plaza Drive. Go through next traffic light. The test center is approximately 1/4 mile past the light and on your left.

Additionally, PSI has examination centers in many other regions across the United States. You may take the written examination at any of these locations by following the instructions on the Out-Of-State Request Form at the end of this Candidate Information Bulletin.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you should arrive at least 30 minutes before your appointment. This extra time is for sign-in, identification, and familiarizing you with the examination process. ***If you arrive late, you may not be admitted to the examination site and you will forfeit your examination registration fee.***

REQUIRED IDENTIFICATION AT EXAMINATION SITE

Candidates need to provide one (1) form of identification.

Candidates must register for the exam with their LEGAL first and last name as it appears on their government issued identification. The required identification below must match the first and last name under which the candidate is registered. Candidates are required to bring one (1) form of a valid (non-expired) signature bearing identification to the test site.

REQUIRED IDENTIFICATION (with photo) - Choose One

- State issued driver's license
 - State issued identification card
 - US Government Issued Passport
 - US Government Issued Military Identification Card
 - US Government Issued Alien Registration Card
 - Canadian Government Issued ID
- NOTE: ID must contain candidate's photo, be valid and unexpired.

SECURITY PROCEDURES

The following security procedures will apply during the examination:

- Only non-programmable calculators that are silent, battery-operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site.
- Candidates may take only approved items into the examination room.
- All personal belongings of candidates should be placed in the secure storage provided at each site prior to entering the examination room. Personal belongings **include, but are not limited to**, the following items:
 - **Electronic devices of any type, including cellular / mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.**
 - **Bulky or loose clothing or coats** that could be used to conceal recording devices or notes. For security purposes outerwear such as, but not limited to: open sweaters, cardigans, shawls, scarves, vests, jackets and coats are not permitted in the testing room. **In the event you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse should be worn underneath.**
 - **Hats or headgear not worn for religious reasons** or as religious apparel, including hats, baseball caps, or visors.
 - **Other personal items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Although secure storage for personal items is provided at the examination site for your convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the examination site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If you leave any items at the examination site after your examination and do not claim them within 30 days, they will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates' pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return

these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.

- Any candidate possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any candidate seen giving or receiving assistance on an examination, found with unauthorized materials, or who violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.
- Copying or communicating examination content is violation of a candidate's contract with PSI, and federal and state law. Either may result in the disqualification of examination results and may lead to legal action.
- Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Candidate will not receive extra time to complete the examination.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXPERIMENTAL QUESTIONS

In addition to the number of questions per examination, a small number of five to ten "experimental" questions may be administered to candidates during the examinations. These questions will not be scored, and the time taken to answer them will not count against examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.

EXAMINATION REVIEW

In the event you fail the examination you will be given 30 minutes at the end of the examination to review the items you missed. The items will not be in any particular order.

PSI, in cooperation with the Board, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by using the comments key on the keyboard. These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. This is the only review of examination materials available to candidates.

SCORE REPORTING

In order to pass the examinations, you must receive a score of at least 70%.

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination;
 - If you **pass**, you will immediately receive a successful notification.
 - If you **do not pass**, you will receive a diagnostic report indicating your strengths and weaknesses by examination type with the score report.
- **On paper** - an unofficial score report will be printed at the examination site.

DUPLICATE SCORE REPORTS

You may print the score report from your online account.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

EXAMINATION REFERENCE MATERIAL AND CONTENT OUTLINE

If a test question answer could differ because of conflicting information in test reference sources, a legal requirement such as code, law, or regulation overrides any other reference. If two legal requirements appear to conflict, the state-specific code, law, or regulation overrides the national one. Information from sources on the test reference list override information from other sources or persons.

Many of the reference materials listed are available for purchase at www.psonlinestore.com or by calling the PSI Online Store, toll-free, at (866) 589-3088.

Titles currently in stock are listed on the order form near the end of this candidate information bulletin.

BUSINESS AND LAW

# of Questions	% Required to Pass	Time Allowed
40	70	90 minutes

CONTENT OUTLINE

Subject Area	# of Items
Erosion and Sedimentation Control	3
Licensing	21
Subcontractor's Pay Requirements	3
Liens and Bonds	8

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, non-printing, non-programmable calculator in the examination center. Candidates will also be provided with a magnifying glass upon request.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Contractor's Guide to Business, Law and Project Management - North Carolina General Contractors Edition, 10th Edition, National Association of State Contractors Licensing Agencies (NASCLA), 23309 N. 17th Drive, Phoenix, Arizona 85027, Telephone: (623) 587-9519, Fax: (623) 587-9625, www.nascla.org. (See order form at the end of this bulletin.)

- North Carolina Excavation Safety Guidelines, 2022 or later, 811 or (800) 632-4949, <https://nc811.org/literature/>
- North Carolina Administrative Code, Title 15A, Chapter 4 Sedimentation Control, including the latest amendments, Sedimentation Control Commission, Archdale Building, 512 N. Salisbury Street, P.O. Box 27687, Raleigh, NC 27611, <http://reports.oah.state.nc.us/ncac/title%2015a%20-%20environmental%20quality/chapter%2004%20-%20sedimentation%20control/chapter%2004%20rules.pdf>
- North Carolina General Statutes Chapter 113A, Article 4 Sedimentation Pollution Control Act of 1973, including the latest amendments, Sections 113A-50 to 113A-67, inclusive, www.ncleg.net/EnactedLegislation/Statutes/HTML/ByArticle/Chapter_113A/Article_4.html

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

Acceptable Tabs

Permanent Plastic Tabs

Redi-Tag Self-Stick Permanent Adhesive Index Tabs

Unacceptable Tabs

Post-It Index Flags

Post-It Flags

References may not be written in prior to or during the examination session. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated.

(S) ASBESTOS

SCOPE OF WORK

This classification covers renovation or demolition activities involving the repair, maintenance, removal, isolation, encapsulation, or enclosure of Regulated Asbestos Containing Materials (RACM) for any commercial, industrial, or institutional building, whether public or private. It also covers all types of residential building construction involving RACM during renovation or demolition activities.

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

Acceptable Tabs

Permanent Plastic Tabs

Redi-Tag Self-Stick Permanent Adhesive Index Tabs

Unacceptable Tabs

Post-It Index Flags

Post-It Flags

References may not be written in prior to or during the examination session. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated.

BUILDING CONTRACTOR

SCOPE OF WORK

This classification covers all building construction activity including: commercial, industrial, institutional, and all residential building construction. It includes parking decks; all site work, grading and paving of parking lots, driveways, sidewalks, and gutters; storm drainage, retaining or screen walls, and hardware and accessory structures; and indoor and outdoor recreational facilities including natural and artificial surface athletic fields, running tracks, bleachers and seating. It also covers work done under the specialty classifications of S(Concrete Construction), S(Insulation), S(Interior Construction), S(Marine Construction), S(Masonry Construction), S(Roofing), S(Metal Erection), S(Swimming Pools), and S(Asbestos).

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, non-printing, non-programmable calculator in the examination center. Candidates will also be provided with a magnifying glass upon request.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Sports Fields Design, Construction and Maintenance, Second Edition, 2010, John Wiley & Sons, Inc. (800) 762-2974, www.wiley.com
 - North Carolina Occupational Safety and Health Standards for the Construction Industry, with latest available amendments, North Carolina Department of Labor, Division of Occupational Safety and Health, Bureau of Education, Training and Technical Assistance, 111 Hillsborough Street, Raleigh, NC 27601-1092 (if you are planning to pick up the reference, you must call first), 919-807-2875 or 800-NC-LABOR, www.nclabor.com

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

Acceptable Tabs

- Permanent Plastic Tabs
- Redi-Tag Self-Stick Permanent Adhesive Index Tabs

Unacceptable Tabs

- Post-It Index Flags
- Post-It Flags

References may not be written in prior to or during the examination session. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated.

(H) GRADING AND EXCAVATING

SCOPE OF WORK

This classification covers the digging, moving and placing of materials forming the surface of the earth, excluding air and water, in such a manner that the cut, fill, excavation, grade, trench, backfill, or any similar operation can be executed with the use of hand and power tools and machines commonly used for these types of digging, moving, and material placing. It covers work on earthen dams and the use of explosives used in connection with all or any part of the activities described in this Subparagraph. It also includes clearing and grubbing, and erosion control activities.

(S) MARINE CONSTRUCTION

SCOPE OF WORK

This classification covers all marine construction and repair activities and all types of marine construction in deep-water installations and in harbors, inlets, sounds, bays, and channels; it covers dredging, construction and installation of pilings, piers, decks, slips, docks, and bulkheads. It does not include structures required on docks, slips and piers.

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For

for General Contractors, P.O. Box 17187, Raleigh, NC 27619-7987, (919) 571-4183, www.nclbgc.org

Specialty Masonry	4
Mortar and Grout	8
Laws and Regulations	2
Liens	1
General Building Code Requirements	2

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

Acceptable Tabs

Post-It Flags

References may not be written in prior to or during the examination session. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated.

(S) MASONRY CONSTRUCTION

SCOPE OF WORK

This classification covers the installation, with or without the use of mortar or adhesives, of the following: (i) brick, concrete block, gypsum partition tile, pumice block, or other light-weight and facsimile units and products common to the masonry industry; (ii) installation of fire clay products and refractory construction; and (iii) installation of rough cut and dressed stone, marble panels and slate units, and installation of structural glazed tile or block, glass brick or block, and solar screen tile or block.

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

(S) ROOFING

SCOPE OF WORK

This classification covers the installation and repair of roofs and decks on residential, commercial, industrial, and institutional structures requiring materials that form a water-tight and weather-resistant surface. The term "materials" for purposes of this Subparagraph includes cedar, cement, asbestos, clay tile and composition shingles, all types of metal coverings, wood shakes, single ply and built-up roofing, protective and reflective roof and deck coatings, sheet metal valleys, flashings, gravel stops, gutters and downspouts, and bituminous waterproofing.

(S) SWIMMING POOLS

SCOPE OF WORK

This classification covers the construction, service, and repair of all swimming pools. It includes: (i) excavation and grading; (ii) construction of concrete, gunite, and plastic-type pools, pool decks, and walkways, and tiling and coping; and (iii) installation of all equipment including pumps, filters and chemical feeders. It does not include direct connections to a sanitary sewer system or to portable water lines, nor the grounding and bonding of any metal surfaces or the making of any electrical connections.

(PU) WATER LINES AND SEWER LINES

SCOPE OF WORK

This classification covers construction work on water and sewer mains, water service lines, and house and building sewer lines, as defined in the North Carolina State Building Code, and covers water storage tanks, lift stations, pumping stations, and appurtenances to water storage tanks, lift stations and pumping stations. It includes pavement patching, backfill and erosion control as part of such construction.

Post-It Flags

References may not be written in prior to or during the examination session. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated.

(S) WIND TURBINE

SCOPE OF WORK

This classification covers the construction, installation, and repair of wind turbines, wind generators, and wind power units. It includes assembly of blades, generator, turbine structures, and towers. It also includes ancillary foundation work, field fabrication of metal equipment, and structural support components.

# of Questions	% Required to Pass	Time Allowed
40	70	90 minutes

CONTENT OUTLINE

Subject Area	# of Items
Installation of Wind Turbines	6
Maintenance and Troubleshooting of Wind Turbines	4
Generators	5
Gearboxes and Direct-Drive Systems	5
Structures and Towers	5
Ancillary Foundation Work (Site and Concrete)	6
Hoisting	2
Fundamental Electrical	3
Safety	4

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, non-printing, non-programmable calculator in the examination center. Candidates will also be provided with a magnifying glass upon request.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Introduction to Wind Principles 2011, Thomas E. Kissell, Prentice Hall
- North Carolina Occupational Safety and Health Standards for the Construction Industry, with latest available amendments, North Carolina Department of Labor, Division of Occupational Safety and Health, Bureau of Education, Training and Technical Assistance, 111 Hillsborough Street, Raleigh, NC 27601-1092 (if you are planning to pick up the reference, you must call first), 919-807-2875 or 800-NC-LABOR, www.nclabor.com
- ASME B30.5-2007, Mobile and Locomotive Cranes, American Society of Mechanical Engineers, Three Park Avenue, New York, NY 10065, (800) 843-2763, www.asme.org
- ASME B30.10-2009, Hooks, American Society of Mechanical Engineers, Three Park Avenue, New York, NY 10065, (800) 843-2763, www.asme.org
- Pipe and Excavation Contracting, Dave Roberts, 2011, Craftsman Book Company, (800) 829-8123, www.craftsman-book.com/products
- Design and Control of Concrete Mixtures, 16th edition, 2016, Steven H. Kosmatka, William C. Panarese, Portland Cement Association, 5420 Old Orchard Road, Skokie, IL 60077-1083, 847-966-6200, www.portcem.org

Candidates are responsible for bringing their own reference materials to the examination center. Only those references that pertain to the building codes are able to be copied, printed and spiral bound or hole punched and placed in a 3-ring binder. If you are downloading from the Internet, you may bring this reference material into the testing center with you as long as it

is bound. **NO partial references will be allowed/acceptable as Reference material for testing.**

Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. References may be tabbed/indexed with permanent tabs only. Reference books may not have removable tabs. The following is a list of tabs that can be placed on pages in code or reference books when taking North Carolina general contractor exams, as per PSI the examination vendor for the North Carolina Licensing Board. These tabs stick onto pages and will tear the page if you try to remove them. This is only a sample list. As long as the tabs are not easily removed from the pages are the criteria for acceptable tabs. **No notes can be written on tabs.**

Acceptable Tabs

Permanent Plastic Tabs

Redi-Tag Self-Stick Permanent Adhesive Index Tabs

Unacceptable Tabs
