EXAMINATION REVIEW

PSI, in cooperation with the Department, will be continually evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be entered by clicking the Comments link on the function bar of the test question screen during the examination.

Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the Department may re-evaluate candidates' results and adjust them accordingly. This is the only review of the examination available to you.

SCORE REPORTING

Your score will be displayed on screen at the end of the examination and a score report will be emailed to you. If you fail, the emailed score report will include the diagnostic report indicating your strengths and weaknesses by examination type. You may request a duplicate score report after your examination by emailing scorereport@psionline.com.

EXPERIMENTAL ITEMS

In addition to the number of examination items specified in the "Examination Content Outlines", a small number (5 to 10) of "experimental" questions may be administered to candidates during the examinations. These questions will not be scored and sufficient time to answer them is included in the examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering any possibilities or exceptions.
- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Booklet and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

OBTAINING YOUR LICENSE

Immediately after you pass your examination, use the kiosk at the PSI test site to complete your license application online at www.sircon.com/pennsylvania or www.nipr.com, or you may apply using your own computer. If you are applying for a new resident insurance producer license or title agent license, you will also be required to provide fingerprints.

Please note: Fingerprinting is not a requirement for the MVPDA license.

It is your responsibility to ensure that the application has been properly completed and that the information is accurate. Applications that are found to contain inaccurate or untruthful responses may be denied. The Department strongly suggests that you complete the paper application for an individual resident insurance producer found online at <u>www.insurance.pa.gov</u> and retain it as a reference to expedite submitting your application electronically at the exam center.

STATUS OF LICENSE

After the Department has verified that you have passed the required examination and that you have met all standards for licensure, the Department will issue the appropriate license. The license will list the line or lines of authority granted, if applicable. You may view the status of your license application on the Department's Web site at <u>www.insurance.pa.gov</u>. Once your license has been issued, you may print your license from the web site. Please be advised that the Department no longer mails licenses.

PAPER APPLICATIONS

The option to apply using a paper application is only available if you are unable to apply online. Be advised that the paper licensing process will take considerably longer than the electronic method. If you must apply via paper, an application can be obtained from the Department's web site at www.insurance.pa.gov. You must include a cover letter explaining why you are unable to apply online; otherwise, the application will be returned along with a letter telling you to apply online.

OTHER LICENSE APPLICATION FORMS

Different application forms are required for Partnerships or Corporations, Surplus Lines Producers, Viatical Settlement Brokers, Motor Vehicle Damage Appraisers and Public Adjusters. All applications are available from the Department's web site at <u>www.insurance.pa.gov</u>. or upon request from the Department. Again, to expedite review of your application, you should file your application via Vertafore/SIRCON at <u>www.sircon.com/pennsylvania</u> and pay appropriate fees with a credit card.

The examination content outline and more specific information on taking this examination is available in the **Pennsylvania Public Adjuster** Candidate Information Booklet located online at https://home.psiexams.com/#/home.

The examination content outline and more specific information on taking this examination is available in the **Pennsylvania Motor Vehicle Physical Damage Appraiser** Candidate Information Booklet located online at https://home.psiexams.com/#/home.

CONTINUING EDUCATION

Licensed insurance producers are required to complete a minimum of 24 hours of continuing education credits to maintain their license. Failure to complete the minimum 24-hour requirement during your two-year licensing cycle will result in the termination of your license. See <u>www.insurance.pa.gov</u> for more information.

Insurance producers should not take any approved CE courses until they receive their license as they will not receive credit for any course taken before the issue date of their license. Information on continuing education can be obtained from the Department's web site at <u>www.insurance.pa.gov</u> or by calling 717-787-3840.

ADDITIONAL LICENSING INFORMATION

Additional appointments. To obtain appointments with additional companies, for powers for which you are already qualified, you must enter into an agreement with the new company regarding the additional appointment. The insurance company is then responsible for reporting the appointment information to the Department. Title agents must have an appointment by a title insurer prior to transacting any business (40 P.S. 910-24.1).

Amended license. An amended license consists of adding an additional line of authority or status to an active license.

There is a \$25 fee to amend an existing active license. An amended licensing application can be submitted online at www.sircon.com/pennsylvania. No pre-licensing education or

fingerprint submission is required to amend a license by adding a line of authority to an existing active producer license.

Reporting requirements. All licensees are required to report name or address changes as well as criminal charges and convictions to the Department within 30 days.

Uniformity of licenses. A corporation or partnership must be properly licensed. In order for a partnership or corporation to be licensed, there must be a licensed individual designated as the responsible licensee for the entity (corporation) and hold the same line(s) of authority the entity is requesting.

Corporations. Business entities (corporations and partnerships) should submit a licensing application online at www.sircon.com/pennsylvania.

Fictitious Names. For any licensee, any assumed or fictitious name, style or designation must be filed with the Department for approval prior to using the alias or fictitious name. See instructions for this process at <u>www.insurance.pa.gov</u>.

STUDY MATERIALS

You are free to use materials of your choice to prepare for the examination. Manuals have been prepared by different publishers to assist candidates specifically in preparing for license exams. Because of the number and the diversity of approach of these publications, **neither the Department nor PSI reviews or approves study materials.**

EXAMINATION CONTENT OUTLINES

Following are the individual examination content outlines indicating the examination time limit, minimum score required to pass, subject area and the number of items in each area. These outlines are the basis of the examination. Each examination will contain questions about the subjects in its outline. In order to pass the examination, you must achieve a minimum score of 70%.

The Examination Content Outline was developed in cooperation between PSI and the Pennsylvania Insurance Department. Itemdevelopment staff at PSI and insurance professionals research the content and write questions that identify and classify the minimum level of knowledge that Motor Vehicle Physical Damage Appraiser license holders need to properly serve their clients. This process ensures that the test reflects content that you, as an entry-level appraiser, will need to know to properly perform your duties.

Act of 1972, P.L. 1713, NO. 367. This Act provides for the licensing of persons engaged in appraising physical damages to motor vehicles; and fixing fees and prescribing unlawful acts and penalties. Motor Vehicle Physical Damage Appraiser	16-20

Act of 1972, P.L. 1713, NO. 367. Concerning motor vehicle physical damage appraisers; providing for the licensing of persons engaged in appraising physical damages to motor vehicles; and fixing fees and prescribing unlawful acts and penalties.

Pennsylvania Statute Title 63, Chapter 22B - Motor Vehicle Damage Appraisers

TITLE 63. PROFESSIONS AND OCCUPATIONS (STATE LICENSED)

CHAPTER 22B. MOTOR VEHICLE DAMAGE APPRAISERS

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Short Title. This act shall be known and may be cited as the "Motor Vehicle Physical Damage Appraiser Act."

Section 2. Definitions. As used in this act:

- 1 "Appraiser" means a motor vehicle physical damage appraiser. This shall include all persons in this State who practice the appraisal of motor vehicle physical damage.
- 2 "Commissioner" means the Insurance Commissioner of the Commonwealth of Pennsylvania.
- 3 "Insurer" includes all companies, associations and exchanges engaged in the insurance business of insurance and self insurers.

Section 3. Licenses; Examination; Fees.

- (a) No person shall directly or indirectly act or hold himself out as an appraiser unless such person has first secured a license from the Commissioner in accordance with the provisions of this act.
- (b) Except as otherwise provided in section 8 of this act, no person shall be granted an appraiser's license unless he shall first establish his qualifications therefor and shall take and pass an examination for appraisers.

An applicant for such examination shall be at least eighteen years of age; shall be a resident of the Commonwealth of Pennsylvania, or a resident of any other state or country which permits residents of this Commonwealth to act as appraisers in such other state or country; shall be trustworthy; and shall otherwise establish to the satisfaction of the Commissioner that he has had experience or special education or training with reference to the business of the appraising of physical damages to motor vehicles of sufficient duration and extent reasonably necessary to make him competent to fulfill the responsibilities of an appraiser.

Applications for an examination as appraiser shall be made to the Commissioner upon forms prescribed and furnished by him and shall be accompanied by the proper fee. Applicants shall provide the Commissioner with such information concerning his identity and personal history, and such other information as shall be necessary to establish his qualifications to take the examination.

- (c) The Commissioner shall prepare and make available to applicants a manual or instructions setting forth in general terms the subject matter to be covered in the examinations.
- (d) The examination for licensure which shall be given under the supervision of the Commissioner shall consist of a written examination that shall include the act of appraising one or more damaged motor vehicles and shall be supplemented by an oral examination. At the discretion of the Commissioner an oral examination in lieu of the aforesaid written examination may be given but only for reason of an applicant's physical handicap. An oral examination shall include the act of appraising one or more damaged motor vehicles. They shall be given at reasonable times and places within the Commonwealth. Any applicant who fails to pass such examination shall not be eligible to retake an examination for thirty days from the date of such failure.

- (e) The fee to be paid to the Commissioner by an applicant for an appraiser's license shall be ten dollars (\$10) at the time the application is made and ten dollars (\$10) annually for the renewal thereof. **See Note**.
- (f) The Commissioner shall prescribe the form of the appraiser's license and it shall contain:
 - 1 The name of the appraiser.
 - 2 The address of the appraiser's place of business.
 - 3 Date of issuance and expiration date of license.
 - 4 Any other information which the Commissioner determines is necessary.
- (g) The Commissioner shall issue an appraiser's license to every person who applies therefor, pays the proper fee, passes the required examinations and otherwise is found by the Commissioner to possess the necessary qualifications for licensure under this act.

Note: Section 612A(5) of Act 48 of 1981, which provided for the fixing of fees charged by administrative agencies, provided that subsection (e) is repealed insofar as it establishes a set fee for any activity inconsistent with the fees set forth in Act 48. **Amended by Act 47 of 2003**.

Section 4. Expiration; Renewal of Licenses.

- (a) An appraiser's license shall expire annually at midnight of June 30th next following the date of issuance.
- (b) Subject to the right of the Commissioner to suspend, revoke, or refuse to renew an appraiser's license, any such license may be renewed for another annual period commencing the first day of July and expiring at midnight of June 30th next following by filing with the Commissioner on or before the expiration date a written request, by or on behalf of the licensee, for such renewal, accompanied by payment of the renewal fee.
- (c) If the request and fee for renewal of license is filed with the Commissioner prior to the expiration of the existing license, the licensee may continue to act under such license, unless sooner revoked or suspended, until the issuance of renewal license or until the expiration of five days after the Commissioner has refused to renew the license and has mailed notice of such refusal to the licensee. Any request for renewal not so filed until after date of expiration may be considered by the Commissioner as an application for a new license.

Section 5. Suspension Period; Surrender of License and Reinstatement or Relicensing of Licensee. Every order suspending any such license shall specify the period during which suspension will be effective, which shall in no event exceed twelve months.

The holder of any license which has been revoked or suspended shall surrender the license to the Commissioner at his request.

The Commissioner shall not reinstate the license or relicense any licensee or former licensee whose license has been suspended, revoked or renewal refused while the cause for the suspension, revocation or refusal of such license persists. Section 6. Denial, Suspension, Revocation of or Refusal to Renew License. The Commissioner may deny initial issuance of, suspend, revoke, or refuse to renew any appraiser's license for any cause specified in any other provision of this act, or for any of the following causes:

- 1 For any cause for which issuance of the license could have been refused had it been existent and been known to the Commissioner.
- 2 If the licensee willfully violates or fails to comply with or knowingly participates in the violation of or failure to comply with any provision of this act or any rule or regulation promulgated thereunder.
- 3 If the licensee has obtained or attempted to obtain any such license through willful misrepresentation or fraud, or has failed to pass any examination required under this act.
- 4 If the licensee has, with intent to deceive, materially misrepresented the terms or effect of any insurance contract; or has engaged or is about to engage in any fraudulent transaction.
- 5 If the licensee has been convicted, by final judgment, of a felony.
- 6 If in the conduct of his affairs under the license, the licensee has shown himself to be, and is so deemed by the Commissioner, incompetent, or untrustworthy, or a source of injury and loss to the public.

Section 7. Notice; Hearing; Appeals. Except as otherwise herein provided all actions of the Commissioner shall be taken subject to the right of notice, hearing and adjudication, and the right to appeal there from as provided by law.

Section 8. License Without Examination; Application. Upon the payment of a fee of ten dollars (\$10) any person who has been employed or engaged for a period of not less than two years prior to the submission of such application in the appraising of physical damages to motor vehicles and is currently so engaged shall be licensed without examination as an appraiser if the application is made on or before July 1, 1973 and the applicant possesses the qualifications required of applicants as provided in section 3 of this act.

Note: Fee amended by Act 47 of 2003.

Section 9. Penalties. Any person who violates any of the provisions of this act is guilty of a misdemeanor and upon conviction thereof, for each offense, shall be sentenced to pay a fine not exceeding five hundred dollars (\$500), or to undergo imprisonment not exceeding one year, or both.

Section 10. Rules and Regulations. The Insurance Commissioner is hereby charged with the administration and enforcement of this act and shall prescribe, adopt and promulgate rules and regulations in connection therewith.

Section 11. Compliance with Act. *

- (a) Each appraiser, while engaged in appraisal duties, shall carry the license issued to him by the Insurance Department and shall display it, upon request, to an owner whose vehicle is being inspected, to the repair shop representative involved or to any authorized representative of the Insurance Department.
- The appraiser shall furnish a legible copy of his appraisal to the (b) repair shop selected by the consumer to make the repairs and also furnish a copy of the owner of the vehicle. This appraisal shall contain the name of the insurance company ordering it, if any, the insurance file number, the number of the appraiser's license and the proper identification number of the vehicle being inspected. All unrelated or old damage should be clearly indicated on the appraisal which shall include an itemized listing of all damages, specifying those parts to be replaced or repaired. Because an appraiser is charged with a high degree of regard for the public safety, the operational safety of the vehicle shall be paramount in considering the specification of new parts. This consideration is vitally important where the parts involved pertain to the drive train, steering gear, suspension units, brake system or tires.

- (c) <u>An appraiser may prepare a repair estimate obtained by personal inspection or by photographs, videos or telephonic means. An appraiser may not require the submission of photographs or videos in order to obtain an appraisal. An appraiser, or an insurer as part of the appraisal process, shall disclose to the owner of the vehicle that there is no requirement to submit photographs or videos in order to obtain an appraisal.</u>
- (d) No appraiser or his employer shall require that repairs be made in any specified repair shop.
- (e) Supplemental repair estimates that become necessary after the repair work has been initiated due to discovery of additional damage to the motor vehicle may be made by personal inspection or by photographs, videos or telephonic means, provided that in the case of disputed repairs a personal inspection shall be required.
- (f) Every appraiser shall:
 - 1 Conduct himself in such a manner as to inspire public confidence by fair and honorable dealings.
 - 2 Approach the appraisal of damaged property without prejudice against, or favoritism toward, any party involved in order to make fair and impartial appraisals.
 - 3 Disregard any efforts on the part of others to influence his judgment in the interest of the parties involved.
 - 4 Prepare an independent appraisal of damage.
 - 5 Inspect a vehicle within six working days of assignment to the appraiser unless intervening circumstances (i.e. catastrophe, death, failure of the parties to cooperate) render such inspection impossible.
- (g) No appraiser shall:
 - 1 Receive directly or indirectly any gratuity or other consideration in connection with his appraisal services from any person except his employer or, if selfemployed, his customer.
 - 2 Traffic in automobile salvage if such salvage is obtained in any way as a result of appraisal services rendered by him for his own benefit.

*Note: Act 13 of 2016 took effect on June 13, 2016 which amends the act of December 29, 1972 (P.L. 1713, No. 367). Section 11, subsections (b) (c) and (e) reflect these changes and are indicated in bold, underlined type

Section 12. Legislative Intent. It is not contemplated that this act shall apply where no appraisal has been assigned. Recognition is given to the fact that many minor damage claims do not require a formal appraisal and to require such would be an undue burden upon the parties involved.

Section 13. Severability. If any section, subsection, subdivision, paragraph, sentence or clause of this act is held invalid or unconstitutional, such decision shall not affect the remaining portions of this act and to this end the provisions of this act are declared to be severable.

Section 14. Effective Date. This act shall take effect January 1, 1973.

 - 11 Identification of all aftermarket crash parts and a definition of aftermarket crash parts consistent with section 62.1 (relating to definitions), if these parts are used.
- (c) An appraisal for the repair of the motor vehicle shall be made in the amount necessary to return the motor vehicle to its predamaged condition. If the consumer wishes to repair the motor vehicle to a condition better than the predamaged condition, the appraisal need only specify the cost of repairing the vehicle to its predamaged condition.
- (d) In the appraisal of salvage value, the following standard shall be used:
 - If the salvage value of the vehicle being appraised is known or could reasonably be determined, the appraiser shall disclose to the consumer in writing:

 (i.) The salvage value.
 - (ii.) The provisions of 75 Pa.C.S. section 1117(a) (relating to vehicle destroyed, dismantled, salvaged or recycled), requiring the filing of an application for certificate of salvage with the Department of Transportation. See 75 P.S. § 1117.

 - (ii.) The amount.
 - (iii.) The expiration date of each salvage bid known.
- 3 If the ownership and possession of the damaged motor vehicle is not retained by the owner or the owner's representative, this subsection dealing with salvage value is inapplicable.
- (e) The appraised value of the loss shall be the replacement value of the motor vehicle if the cost of repairing a motor vehicle exceeds its appraised value less salvage value, or the motor vehicle cannot be repaired to its predamaged condition.
 - Under this subsection, replacement value under the policy provisions covering the total loss of a motor vehicle including an unrecovered motor vehicle shall be determined by one of the following methods:
 - (i.) Guide source method. The appraiser shall calculate the average of two figures reflecting the retail book value of a vehicle of like kind and condition, as provided by guide sources approved by the Commissioner. A listing of approved guide sources will be published once a year in the Pennsylvania Booklet. The appraised value shall be adjusted for equipment and mileage, less the cost of repair of damage which preexisted the accident in question. No other deductions may be taken except for salvage and then only if the owner elects to retain the vehicle.
 - (ii.) Actual cost method. The appraiser shall determine the actual cost of purchase of an available motor vehicle of like kind and quality in condition similar to or better than the motor vehicle being appraised in its predamaged condition. The appraiser shall specify, in writing, the location of the vehicle of like kind and quality.
 - (iii.) Dealer quotation method. The appraiser shall consult with dealers or other persons knowledgeable in the field to secure quotations as to the value of the motor vehicle being appraised. At least two quotations shall be secured. The figures thus secured shall be averaged.
 - 2 If the motor vehicle is listed in at least two guide sources approved by the Commissioner, the replacement value shall be calculated by the guide source method or by the actual cost method, as described in paragraph (1)(i) and (ii). If the actual cost method is used, and the owner of the damaged vehicle shows that the replacement vehicle is not of the same kind and quality, both calculations referenced in this paragraph shall be made, and the higher of the values obtained shall be offered in settlement.
 - 3 If the motor vehicle is not listed in at least two of the sources authorized by paragraph (1)(i), or if the vehicle differs materially from the average vehicle because of factors not considered in the guide sources, for example, antique or classic cars, vehicles no longer manufactured and unique vehicles, the replacement value shall be calculated by the actual cost method or by the dealer quotation

method as described in paragraph (1)(ii) and (iii). If the dealer quotation method is used, both calculations referenced in this paragraph shall be made, and the higher of the values obtained shall be offered in settlement.

- 4 Applicable sales tax on the replacement cost of a motor vehicle shall be included as part of the replacement value.
- 5 The licensed appraiser's total loss evaluation report shall contain the names and addresses of those persons from whom quotations were secured, the date secured, and whether or not a similar vehicle was available.
- 6 The licensed appraiser's file shall show the method used to determine the replacement value in a given locality.
- 7 The appraiser is responsible for ensuring that a copy of the total loss evaluation report be sent within 5 working days to the consumer by the appraiser after the appraisal is completed. If a settlement offer is extended before the consumer receives the total loss evaluation report, the consumer shall be advised of the total loss evaluation report's contents and of the consumer's right to be sent a copy within 5 days after its completion.
- (f) In addition to the requirements in section 11 of the act (63 P.S. § 861), an appraiser shall:
 - 1 Not have a conflict of interest in the making of an appraisal. This chapter and the act, and this section in particular, shall be strictly interpreted to protect the interest of the consumer and place the burden upon the appraiser to eliminate any conflict of interest in the making of an appraisal.
 - 2 Obtain the consumer's consent before authorizing the removal of a motor vehicle from one location to another.
 - (i.) The consent of the consumer is not necessary for initial removal of the motor vehicle from the scene of an accident.
 - (ii.) An appraiser authorizing removal of a motor vehicle by a vehicle salvage dealer shall inform the salvage dealer in writing that possession is merely for safe-keeping purposes and that the vehicle salvage dealer does not have any ownership rights to the motor vehicle, its parts or accessories, until a certificate of title or certificate of salvage is received indicating that ownership has been transferred.
 - 3 Review the appraisal with an authorized representative of the repair shop which is selected by the consumer or with any other person reasonably necessary to demonstrate that the actual costs of repairs are adequately covered in the appraisal.
 - 4 Not mention the name of any repair shop, unless the appraiser includes disclosure that there is no requirement to use any specified repair shop.
- (g) There are no provisions of the act or this chapter which shall be construed as intended in any way prohibit or limit the subsequent appraisal or reappraisal of damage by different licensed appraisers, if desired by any of the involved parties.
- (h) The penalties for violating provisions of the act and this chapter are set forth in sections 5, 6 and 9 of the act (63 P.S. §§ 855, 856 and 859).
